WATCHTOWER DIANA

- ✘ 547m high watchtower from 1914 can be found at the Friendship Height of the Grandhotel Pupp. You can reach it on foot along forest trails or by funicular from the Grandhotel Pupp. It runs at intervals of 15 minutes. Ride the cable car tower takes approximately three minutes, hiking aside about a half hour.
- ✘ On the lookout gallery Diana go up either lift or stretch your legs on the 150 steps. In fine weather, is reportedly seen up to a distance of 70 km.

JELENÍ SKOK

- ✘ Stag's Leap (Jelení skok) is a top above the center of Karlovy Vary. Metal statue of a chamois (kamzík) from 1851, by Berlin sculptor August Kiss. Baron Lützow let it built here. He wanted to mock (zešměnit) it fictional tale of discovery Vřídlo because there was the real Stag's Leap in these places according to legend. Yo can get there by funicular from the hotel Pupp that goes to the next station lookout Diana.

SVATOŠSKÉ SKÁLY

- ✘ Protected natural monument formed in the Karlovy Vary granite massif action of the river Eger, with many pillars, prisms and pyramids. The remarkable rock formations were created by the gradual weathering and erosion of granite blocks, river activities and erosive action of frost.
- ✘ Its shape reminiscent of a wedding procession and accordingly are named - for example, groom, bride, musicians, witnesses said. The bizarre shapes of granite were 1933 declared a protected natural site, now a National Natural Landmark. They occupy an area of 2 ha and is at an altitude of 380-440 m.
- ✘ In the wide area is a beautiful hilly landscape that becomes a destination for tourists, cyclists, canoeists and climbers course. Passes through a trail Doubi - Svatošské rocks.
